# Kyle Donovan

22 Hillview Hacketstown, Carlow R93 A584

Contacts:(+353)834117177 / Kyledonovan785@gmail.com / c00287252@setu.ie

## Personal Profile:

• Third year Games Development student at SETU Carlow.

• Full Clean Irish Driving License.

• Hard Working and Reliable Person.

• Worked part time in a retail environment based around my college schedule.

• Great at working with others but can also work alone using my own initiative.

• Seeking to get a role in the IT, Software or Gaming Industries.

### *Technical Skills:*

• **Languages/Tools:** C++, C#, Python, HTML, JavaScript, SQL.

• **Game Development:** Unity, Git, Version Control

• **Test Automation:** BDD, Selenium, Python Scripting

• **Web/Database:** HTML, CSS, JS, MySQL, Web Hosting

•**Other Tools:** GitHub, Jira, Confluence, MS Teams, MS Office

### *Education:*

**BSc Computer Games Development** at SETU Carlow – September 2022 to May 2026.

• Enjoy solving the technical issues in code, dedicated person for problem solving in group projects.

### *Projects:*

**Level-Creation platformer(C++) – 90%:**

Created a 2D side-scrolling platformer game which used array based level designing, which dynamically updates files to save the level design into numbers, while also being memory efficient compressing these files. Different classes used for different states: playing, menu and designing.

**Fruit-merge Game(Unity, C#) - 80%:**

Created a game in unity where players take the form of fruit, and need to merge with other smaller fruit to grow in size and become the largest to win.

### *Results:*

• Year One GPA: 57.91

Internal Use - Confidential

• Year Two GPA: 55.58

• Year Three GPA: 58.70

## *Work Experience:*

### *Tesco, Tullow February 2023 – January 2025:*

**Role: Customer Assistant**

• Part time contract working across multiple different departments in the store, this has allowed me to be adaptable. This has allowed me to develop many skills, many being focused on speaking.

• **Customer Service:** I have received multiple commendations from Tesco due to good customer service and customers placing good reports about my helpfulness in the workplace.

• **Technical Environment:** Extensively operated the Tesco's point of sales such as the Self-checkout systems and Tills, developing a strong grasp on retail technology and Digital tools. Learned to adapt to any problems caused by the software that these operate on.

• **Cash Handling:** Handling financial transactions between customers and the store, keeping a high level of financial integrity. Trusted with depositing funds securely and safely to ensure there is no company losses.

### *Dell LTD, Cherrywood February 4th 2025 – August 22nd 2025 :*

**Role: DFS IT Intern**

•**DFS IT Environment:** Received tons of experience in the 6 months in working with Test Automation in the financial side of IT. Using my code to automate repetitive tasks which reduced the manual workload needed creating these jobs in said systems and operate it overall.

•**Networking:** Got valuable communication experience in both virtual and in-person environments, furthering both my confidence and ability to converse with others, including management.

•**Event Committee:** Had a chance to create events for all of the EMEA interns(over 100+), creating the event "Mission InternPossible", spanning over the 6 month internship duration.

•**Volunteering:** Got the chance to volunteer with Make-A-Wish to collect donations for the charity.

## *Interests:*

• **Gaming:** Giving me a keen interest in how they work both technologically and code wise, this includes making my own little games to learn and develop my skills as well as have fun.

• **Animal care**: I enjoy looking after and raising animals, especially the exotic ones, it is an everyday hobby for me.

• **Fitness:** Gym, hiking and swimming
